

AM MYSTERIOUS MISTRES+++/
The double National Champion that almost wasn't a show horse!

AM MYSTERIOUS MISTRES+++/ AKA Missy is 68.36% Crabbet and was bred by AL-Marah Arabians Inc. Thanks to Mark Miller, she was selected out of a large group of weanlings by Lisa Littrell and Judy Kibler at Al Marah Arabians in Tucson, AZ for breeding. She is owned, loved and shown by Lisa Littrell.

Lisa's original plans for Missy were not for her to be a show horse, but a broodmare. Showing many of her 2 year olds In Hand, Missy was shown briefly as a 2 year old. Late in her 3 year old year of 2017, she was sent to Alyse Brewer to be put under saddle with the plan to breed her in the Spring. At that time Lisa was showing 2 horses and was not looking to add her to the show string. However, that was about to change. Lisa's Half Arabian gelding, The Magics A Rocking, had to be retired due to bad hocks and the purebred Andronicus gelding she bred, AM O Pericles Style, died suddenly. Therefore, more by default than anyone thing, Missy became her one and only show horse. Missy had big shoes to fill and a short time (less than 2 years) to do it. After 2 months with Alyse, Missy and Lisa started their adventure in 2018. With Elaine McCutchan as Coach, they set their sights on Sport Horse Nationals in 2019.

According to Lisa, "Missy is very trainable, smart and loves to please". We had a great 2019 show season and it is kind of intimidating to try and repeat it. We will have fun win or lose but...winning is just so much fun. Sport Horse Nationals was better than I could have ever imagined or dreamed of. We were blessed and highly favored for sure! It is a joy every time I swing a leg over her. We have never had a bad day together. She is bold to the jump and sweet as pie on the ground. However, as much as I love showing her I'm already dreaming of showing her foals. I know Mrs. T would be proud of her and my goal is to produce foals she would approve of also. The hard decision is who to breed her to first. Missy and Lisa are again setting their sights on SHNs 2021. Look for them in the show ring and hopefully again in the winner's circle.
