Carolyn Hasbrook and family of Twinbrook Arabians in Ames, IA lost their beloved husband and father, Richard (Dick) Hasbrook on September 24, 2024. Carolyn wrote; "His health had been failing for the past year, but the last few months it became apparent that end of life was near, but it was still a shock. We had a lot more of life to enjoy together. Friends and family have been a great comfort this past week."

Dick and Carolyn have been longtime members and supporters of ECAHS. Please keep them in your thoughts and prayers. His obituary can be found at <https://www.schroederfuneral.com/obituaries/Richard-Edwin-Hasbrook?obId=33213608>

Dick's Obituary

Richard Edwin Hasbrook was born August 4, 1934 on a farm near Estherville, Iowa, the son of Louise Muncy and Lester Edwin Hasbrook. He attended a county school and then attended Estherville High School where he graduated. He was a member of the FFA band and played in the State FFA Band as a senior. He attended Estherville Junior College and then went on to attend University of Iowa where he graduated with a Master's degree at age 19. He enlisted in the Army where he served as a Chaplin's Assistant at Fort Ord, California for 2 years.

He started his 45 year career at Iowa State University - first in the Chemistry/Chem Stores area and then moved on to a long career as the Director of Research Administration. In his role as the Director of the Office of Sponsored Programs Administration, he provided overall leadership for sponsored programs administration and negotiated contracts and grants. This position provided him the opportunity to travel to countries in South America, Africa, Thailand, and the Philippines.

*It was while working in the Chemistry Department that he met his future wife, Carolyn Brooks. Dick and Carolyn were married August 24, 1963 at the First United Methodist Church in Ames where he sang in the choir. They lived in Ames for a short time, and when the first Arabian horses arrived, they moved to their acreage, then back to Carolyn's home place. There they raised their sons Michael and Daniel, Arabian horses and a few cows. Dick's line of Arabians is known for the mare Ragala and the Skowronek,*Mirage lineage.*

His passion was collecting Hull vases, Hofbauer crystal, AND Arabian horses. His avid passion was studying pedigrees and research bloodlines. As part of his passion for Arabian horses, it also involved collecting many research books, traveling to breeding farms across the county, working on and attending shows and being involved in organizations. He served as Director of the Region 11 National organization and attended many National conventions across the country. He also wrote a few articles for National magazines and was a member of Arabian Horse Historian Association.

Family history was also important to Dick and he was very proud to be able to trace the "Hasbrook" lineage from 1650 through 12 generations to his grandson's Colin and Ryan. He has pictures and information about some of the past generations.

Dick retired from Iowa State University in 2000 and to help enjoy retirement, he started spending parts of the winters in Thailand and later in the Philippines.

Dick was preceded in death by his parents, and brothers Bob and Don. He is survived by his wife, Carolyn, sons Daniel, Michael and his wife Valerie and grandsons Colin and Ryan, sister-in-law, Anita Wikstrom, her son David, and his children Steven James Wikstrom and Krystal Litterman. and cousin Corrine Brown of Story City and many cousins and friends.

Memorials are suggested to the Mary Greeley Hospice Care.

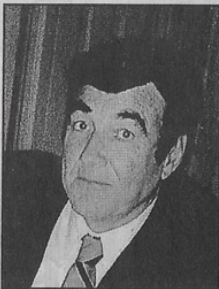

A friend sent this from the Ames Paper. I hadn't even thought of looking in the paper so was happy you sent it.

Know time to grieve, so busy pulling together the delayed taxes that Dick was too sick to work on. We are doing OK I think, with Preecha's help. Dan is busy putting together a new fence that was badly needed. He leaves for a trip to Thailand at the end of the month, and we have friends coming from England at the same time. I hope we can put things together by then.

Beautiful
MEMORIES

A large, artistic illustration of a bouquet of flowers, including lilies and hydrangeas, rendered in a soft, painterly style.

Dick's service was very nice with many friends and family coming to visit at the "celebration of life" prior to the service. His health had been failing for the past year, but the last few months it became apparent that end of life was near, but it was still a shock. We had a lot more of life to enjoy together. Friends and family have been a great comfort this past week.

High percentage Crabbet related horses with a high concentration of Skowronek blood flourishing in North America.

Crabbet Stud and Skowronek made a huge impact on North American breeding well over a half century ago. I am proud to say this was not a fad. These horses are still being bred and cherished today.

True Blue Arabians in Oxford, Pennsylvania, USA is proud to announce that we have added two high percentage Crabbet stallions with a heavy concentration of Skowronek blood to our program. We started out over 53 years ago with our first stallion who was a Raffles grandson and we have worked very hard to keep this base while attempting to produce better stock by gathering together and using horses of very high quality with this Crabbet and Skowronek combination in their pedigrees.

These two stallions are high percentage Crabbet blood with a concentration of Skowronek blood through three of the best Skowronek sons imported to the United States and Russia; Raseyn, Raffles and Naseem. Some people might consider them Azraff/Ferzon horses but what they really are is two strong Crabbet/Skowronek stallions with an Azraff/Ferzon influence. Of course, Azraff and Ferzon were also fine examples of the Crabbet and Skowronek bloodlines.

The best part of these additions is that these two stallions were bred by two of our friends who are both ECAHS Lifetime Achievement Award winners. Francie Schermerhorn and Pete McNeil have both passed within the last couple of years. This is a huge loss to the North American Crabbet Arabian community. This loss has made it even more important to us that we continue their legacy thru these two stallions.

West Coast Bred

Mesmorized was bred in California by Pete McNeil. Pete was the most fantastic person I think I ever met. Crabbet Arabians bought us together and pushed our relationship forward at a very fast pace. My only regret is that I did not get to spend much much more time with him.. His foundation mare was Trity, a Raffles mare that he purchased from Alice Payne. He purchased a top quality stallion from Daniel Gainey named Gai Danizon. He was off to the races so to speak.

He had the eye of an artist and developed a very beautiful type of Arabian. At the same time, they retained very athletic builds.

Mesmorized goes primarily back to Alice Payne and Daniel Gainey breeding with the injection of other McCoy horses and a touch of the famous Gaizon and the outstanding Southern Whiz. These horses and people will be less recognizable to people outside of America. Along with Garth Buchanan, they are primarily responsible for the famous Azraff/Ferzon cross. These lines are known for their intelligence, fine dispositions and beauty.

Mesmorized is a fine example produced by blending and concentrating many fine individuals. His first foals show great promise.

East Coast and Midwest breeding.

Radar Gaizada is our East coast example of a continuation of very similar blood lines originating in the midwest. He has more influence from Roger Selby importations and his daughter Lois Selby Perry's program. His pedigree is also significantly impacted by the great Garth Buchanan and Dick and Joan Ellis breeding programs.

He was bred by Francie Schermerhorn in New York State. She was able to lease Lea Gai Azada from another dear friend, Madio (Rocky) Rossini and his wife Patty. Azada was bred by the Ellis's. She crossed Azada with her great Raffles and Azraff bred mares to produce Rahar Gaizada and many other fine individuals.

My wife Sharon and I owned a wonderful Lea Gai Azada son years ago. He was my wife's favorite that we bred. He justifiably earned his barn name Sweetie. Randy Stoneback of RSA Arabians suggested that I visit Rahar Arabians and see the results of Francie breeding her great mares to Lea Gai Azada. After several visits with Francie, our friendship grew and I became particularly impressed with Rahar Gaizada and his dam, Rahar Giboraffa.

Randy and I leased these two individuals and several other mares from Francie. True Blue has retained a fantastic 4 year old mare who is killing it in sport horse classes out of Giborarraffa by Randy's superb stallion Amyr Garity. (Heavy Silver Vanity and Ferzon)

Several years later, Francie passed at a relatively young age. Francie's daughter, Koren Schermerhorn, gave Sharon and I the fantastic opportunity to own Rahar Gaizada. I will always be grateful to her for this honor.

Radar as we call him, is a fantastic individual. Super disposition (similar to our beloved sweetie). We are thrilled with his foals. He has covered 8 or 9 mares so far this year. We have a lot to look forward to next Spring and early Summer. In the future, we plan to breed our Gaizada mares to Mezmorized and visa versa.

Pete from California and Francie from New York State were two very special people and outstanding Crabbet breeders and special friends of ours. It is so nice to go out our door each day and feel that we still have a connection to them through these two special stallions.

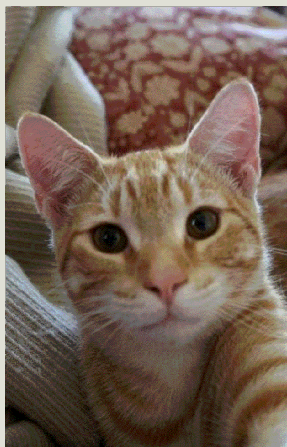

The dream and adventure continues.

Faerie Court Farm News:

Our 2024 filly, FCF Fairy Queens Kiss (pending) (FV Kissme Rabba x FCF Titanias Vanity) is now 4 months old. We are so delighted to have this superb filly to carry on her dam line while also bringing the influence of her sire's excellent Fairview Arabian Stud lineage.

Meanwhile, FCF As You Wish (AAA Legend of the Seas x Rieba) is really looking pregnant these days, and we are looking forward to welcoming her foal by VG Juan Inamillion+ next May.

A few months ago we shared that Pat Bobb had brought three kittens to us that had been dumped at her farm in VA. We kept one and placed the other two with dear friends where they are getting spoiled by three generations of the family!

These are the snuggliest kittens EVER! Cooper, the orange kitten that we kept has been difficult to photograph recently because he so often right on top of me! This photo is while he is "helping" me with this news for ECAHS! We are all so grateful that Pat drove them all the way to Vermont in early July.

Several local youth riders are doing well with horses connected to our breeding program. This fall they've been attending horse shows and learning cross country jumping.

My personal riding horse, FCF King of the Fairys (AAA Legend of the Seas x FCF Titanias Vanity) was in a clinic a few days ago taught by Barend Heilbron, a Dutch born equestrian who earned the Dutch Equestrian Center's highest ranking for teaching horses and riders from beginner through FEI levels. The working student, Lauren, who has been helping me with King rode in the clinic. Lauren is leaving the barn so I sponsored her ride as a thank you gift. She has really enjoyed working with King.

I just received word today that FCF Thors Valor (FCF Oberons Vanity x FCF As You Wish) and his adult amateur owner/rider competed at their first dressage schooling show this morning (Oct 5) and earned a 65.0% in Intro A and 67.8% in Intro B. Thor has been under saddle for under a year so that is an excellent start!

A horse friend from California recently parked her RV in our yard for 10 days during the Vermont leg of her drive across the US. While she was here, I went with her to visit former US Olympian in eventing, Denny Emerson, at his farm in Strafford, VT. Denny is 83 now and still riding his Morgans. Denny has done some endurance with Arabians in the past - including the Tevis - and often posts on Facebook about issues of relevance to the Arabian horse community. We had a great conversation that went on for 4 hours! Denny expressed interest in my breeding program and hopes to visit sometime soon!

Warmest regards to all our ECAHS friends,
